## The Fine Art of Go Fish

Who knew you could cultivate an appreciation for art by playing a game of Go Fish? Art Games, a clever hybrid of card games and fine-art education, come in three styles: The Impressionist Art Game, Van Gogh & Friends and The Renaissance Art Game. Each includes a selection of playing cards with images of fine art on them and a companion book filled with details about the artists and their work. Play a few hands (they also work with Concentration) and watch your child memorize the name of the artists behind *At the Moulin Rouge* and the Sistine Chapel. Art Games, which retail for about \$40 each, are available online at [www.rumbagames.com](http://www.rumbagames.com) or by calling 1-877-gorumba (467-8622).
